

UVA PARKING AND TRANSPORTATION: PASSENGER RULES

UVA Parking and Transportation has developed the following Passenger Rules in support of our commitment to provide safe, reliable, efficient, and friendly transit service to University of Virginia students, faculty, staff, and visitors.

The Passenger Rules apply to all transportation services offered by UVA Parking and Transportation, including University Transit Service buses, UTS OnDemand vehicles, and U-Heights Shuttle. Individual P&T transportation services may have additional rules not listed here.

Passengers who fail to adhere to the Passenger Rules, any applicable University of Virginia policy, or any applicable federal, state, or local law may be instructed to disembark the vehicle. Passengers who refuse to disembark the vehicle as instructed or who repeatedly/egregiously fail to adhere to the Passenger Rules will be referred to law enforcement and will be denied transportation service in the future.
